### The Reflection

Music - Nimrod- Edward Elgar

#### Farewell

'Ted, your family feel privileged that you lived.

They grieve that you are no longer with us,  
but they know that you will live on in the hearts, lives and  
memories of those who knew and loved you.

They remember with gratitude, your character and all your  
qualities, your love of family, of dancing, of enjoyment of  
life, of occasions to celebrate and of ginger biscuits, and the  
good times they had in your company.

And now with love we leave you in peace, and with respect  
we bid you farewell.'

#### Closing Words
